- Street Light
- Drainage Manhole Grate/ Side Entry Pit
- Stormwater Drainage Pit & Easement
- Sewer Housing Connection/Manhole
- Noise Package A

Garage Locations Disclaimer

- Garage positions shown are indicative only.
- Where garage locations are fixed under a Local Development Plan (LDP), these are as identified by the Local Government.
 - For corner lots without an LDP garages are generally required on the secondary street under the R-Codes. A garage on the primary frontage may require planning approval, which can add time, cost, and design changes.
 - Where a "preferred" garage location is shown, this indicates that the garage may benefit from being in that position. Buyers should consider the design requirements of the lot and make their own determination as to the final location of the garage. Buyers should confirm all garage location and design requirements with their builder or local authority prior to purchase.
